Dynamite[®]
An Explosion of Growth!

Plant Food

Dynamite®
An Explosion of Growth!

What the Growers Use

**Our secret to the best looking plants, with the least effort,
is the unique coating on Dynamite® plant food.**

Dynamite® patented coated “prill” ensures the continuous and precise release of nutrients. There is an agent that allows water to penetrate and then release the nutrients into the surrounding soil. The prills will not crack or break, which helps to prevent excessive nutrient release and minimizes nutrient runoff.

This special coating also ensures that the nutrients release evenly over the entire feeding period. Dynamite® prills contain major nutrients; nitrogen (**N**), phosphorous (**P**) and potassium (**K**), plus micro-nutrients like iron, magnesium, manganese, copper, zinc, boron and molybdenum (as noted in each respective product analysis).

One Easy Application feeds all season long!

Dynamite® Plant Food releases nutrients continuously to feed plants all season long.

Sun Bulb Company, Inc.

82140	785344059623	1 lb.	12/case

Specialty Orchid™ Mix & Food

Better-Gro® Special Orchid Mix™ was formulated by our growers to provide orchids with the drainage and root ventilation they find and thrive on in nature.

The all natural premium Ingredients include:

Western Fir Bark: uniformly graded nuggets are free of trash and debris. This keeps the mix properly aerated for good drainage.

Sponge rock: Helps retain moisture and create more open space so that the plant is properly aerated.

Hardwood Charcoal: Charcoal helps eliminate salt build-up and prolongs the life of the mix.

Better-Gro® Orchid Plant Foods were developed specifically for Orchid Bark Mixes and are used by our growers for professional results.

Orchid Plus® Orchid Food contains nitrate nitrogen, which is easy for plants to absorb, and optimal amounts of magnesium and iron for growth and deep greening.

Better-Bloom® Plant Food contains fast acting nitrate nitrogen and phosphorous to promote large, abundant blooms.

Potting Media

BETTER-GRO®

Better-Gro® Special Orchid™ Mix

Better-Gro® Special Orchid™ Mix is a rich, organic mixture of western fir bark, hardwood charcoal, and sponge rock to ensure healthy and long-lasting plants. It provides your orchids with the drainage, air flow, and root ventilation they find and thrive on in nature.

- Multi-purpose mix for re-potting all epiphytic orchids
- All natural ingredients
- Convenient re-sealable bag

Item#	UPC	Size	Pack
50000	079925050001	4 qt	15/case
50020	079925050025	8 qt	9/case

Better-Gro® Phalaenopsis Orchid Potting Mix

Better-Gro® Phalaenopsis Orchid Potting Mix was developed to provide the proper moisture control to encourage vigorous plant and root growth. It is an all natural, fertile mixture of Canadian chunk peat blended with western fir bark, hardwood charcoal and coarse sponge rock.

- Designed specifically for needs of Phalaenopsis orchis
- All natural ingredients
- Convenient re-sealable bag

Item#	UPC	Size	Pack
50110	079925050117	8qt	9/case

Better-Gro® Dendrobium Orchid Potting Mix

Better-Gro® Dendrobium Orchid Potting Mix is specially blended to meet the drainage needs of Dendrobiums. It is a mixture of porous lava rock, western fir bark, hardwood charcoal and coarse sponge rock. This mix provides plant roots with quick drainage and good air flow.

- Use when re-potting to support healthy growth
- All natural ingredients
- Convenient re-sealable bag

Item#	UPC	Size	Pack
50240	079925050247	8 qt	9/case

Better-Gro® Orchid Bark

Better-Gro® Orchid Bark is a multi-purpose potting medium for epiphytic orchids, bromeliads, ferns and a wide variety of other ornamentals. It is a combination of specifically sized and graded grower's choice western fir bark. Orchid Bark is also great for use as a soil cover with container plants.

- Versatile medium is great for potting and spot refilling
- All natural ingredients
- Convenient re-sealable bag

Item#	UPC	Size	Pack
50180	079925050186	4 qt	15/case
50190	079925050193	8 qt	9/case

Better-Gro® Premium Grade Orchid Moss®

Better-Gro® Premium Grade Orchid Moss® is ideal for use when repotting Cattleya, Phalaenopsis, Oncidium, and Dendrobium seedlings. This moss helps reduce shocks during repotting while also retraining moisture and inhibiting bacterial growth.

- Soft & feathered appearance adds a decorative look
- Can also be used with ferns for enhanced growth
- All natural with no added dyes

Item#	UPC	Size	Pack
50450	079925050452	190 cu in	12/case

Better-Gro® Long Fibered Sphagnum Moss

Better-Gro® Long Fibered Sphagnum Moss is an easy to use potting medium that holds moisture and fertilizer for growing plants. It is ideal for lining wire baskets, mounting staghorn ferns or bromeliads, and for lining and filling wire forms for topiary.

- Decorative mulch/potting media
- Great for lining wire baskets
- All natural with no added dyes

Item#	UPC	Size	Pack
50430	079925050438	240 grams	12/case

Bulk Chilean Sphagnum Moss

Our 5-star Chilean moss is an excellent quality Sphagnum Moss that provides nourishment and special conditions for plants (especially orchids), which convert it into an excellent substrate for flower production.

- Absorbs 20 times its weight in water
- Oxygenates plant roots for faster growth
- **Helps plants resist disease and parasites**

Item#	UPC	Size	Pack
50460	n/a	5 kilo	1

Better-Gro® Bromeliad Blend Planting Mix

Better-Gro® Bromeliad Blend Planting Mix is specifically designed for the needs of Bromeliads. The mixture of coco coir, composted bark and coarse perlite allows for moisture retention, maximum airflow, and fast draining - all beneficial to the growth and health of Bromeliads

- Use when repotting to support healthy growth
- All-natural ingredients
- Convenient re-sealable bag

Item#	UPC	Size	Pack
50080	079925050087	8 qt.	9/case

Plant Food & Potting Media

Orchid & Bromeliad Plant Food

Better-Gro® Orchid Better-Bloom® Water Soluble Orchid Food

Better-Gro® Orchid Better-Bloom® was specially formulated by our professional growers and is fortified with additional phosphorus to promote abundant blooms. Contains essential minor elements to combat deficiencies that occur with soilless mixes.

- Use every fourth watering
- Formulated by orchid specialists
- Convenient re-sealable bag

Item#	UPC	Size	Pack
83050	079925083054	16 oz	12/case

Better-Gro® Orchid Plus® Water Soluble Orchid Food

Better-Gro® Orchid Plus® was specially formulated by our professional growers and has fast-acting nitrate nitrogen to promote vigorous and abundant growth. Contains essential minor elements to combat deficiencies that occur with soil-less mixes.

- Feed at every watering
- Formulated by orchid specialists
- Convenient re-sealable bag

Item#	UPC	Size	Pack
83030	079925083030	16 oz	12/case

Better-Gro® Houseplant, Bromeliad & Orchid Food

Better-Gro® Houseplant, Bromeliad & Orchid Food provides an easy way to fertilize with one application lasting up to 12 months. In addition to being a great source of nitrogen, phosphorous, and potassium, this product includes essential minor elements to combat nutrient deficiencies.

- Feeds continuously for up to 12 months
- Easy no mix formula - just sprinkle & go
- Convenient re-sealable bag

Item#	UPC	Size	Pack

Kokodama collection

Kokodama collection

Natural Kokodama

Nature is filled with botanical treasures, and the coconut palm (also known as “Tree of Life”) is one of them. Kokodama is a handmade sphere made from the coco fibers of the coconut palm.

Kokodama shells are 99% natural and 100% biodegradable, a natural and sustainable alternative to the standard plastic pot.

Kokodama arrangements are a stylish, sustainable and low-maintenance way to beautify your home or office, indoors or out.
